It has been a busy week around town! Wyatt and the Film Team took three creations to the state level of competition and placed in the top 6! Erin, Wyatt and the band went to UIL Concert and Sight Reading competition at earned straight one's (superior rating) on Wednesday - the highest scores an ensemble can receive. And of course, our girls played for the state championship in basketball and took home the silver medal for 2A across the entire state! The tower has been bright all week long!

There has been lots of cheering and posting and celebrating the accomplishments of our students, teachers and parents this week. And yet, the preparation and work started many weeks and months - and in some cases, years ago! It's easy to forget all the hours of practice it takes to perfect a sport or fine art - the discipline, team work, dedication.

If you see participants this week, be sure to encourage them. Let them know you appreciate the effort they put in from day one to represent all of us, their community, with such integrity and class. Knowing the community is behind them, supports them and sees the hard work they put in makes a world of difference.

And that's true for anyone in any role or position. If you see someone putting in the effort, doing good things - be sure you tell them. Encouragement goes a long way!
