I will be sharing a number of ways you can give to local organizations over the next couple of weeks in the newsletter. It will include a variety of groups throughout our community from senior agencies to children's groups to animal rescues.

Why? You may wonder why not pick just one or two. Well, because we are a group with many varied interests and abilities! One person may be particularly drawn to help our local animal shelter while another has a heart for our volunteer fire department. By making as many opportunities known as possible, it allows all of us to find our particular way to make a difference in our area for our neighbors.

Don't think that means you need to try and give or participate in all the options! Find one or two that speak to you and let others donate to the ones that speak to them.

Part of what makes Disciples so strong is our focus on unity in our diversity! We all focus on serving to the best of our ability and doing what we can to strengthen our community, but it looks different for each one of us. This time of year we see that much more clearly than any other time. So do what you can, and trust that others will meet the needs you can't!
