*I just got back from my orthopedist, and she gave me a wedge to put in my shoe to see if adjusting angle of my foot as it hits the ground will help my peroneal tendon heal. She also added an admonition to be consistent, since that's the key to the whole process. (I may or may not have inwardly cringed when she said that!)*

*But....isn't that true in all of life? Consistency is key. If we want to get in shape, we can't just go to the gym once or eat one salad. We have to continue doing those things. If we want to learn an instrument or a foreign language, we have to study and practice over and over again. If we want to grow a garden, we have to water and check for bugs and fertilize on a regular basis.*

*It's no different with our spiritual lives. If we want to have a vibrant, growing relationship with God, we have to consistently spend time reading the Bible and praying and seeking the Lord. One hour once a week isn't enough to maintain it.*

*So let me encourage you: be consistent in your walk with God! Pick up your Bible and read it this week; pray – not just for needs, but in order to know God's heart; take time to invest in your relationship with God!*
